

The Bigger Number

Cards to Use

Two sets of cards 1 - 10

How to Play

- Shuffle the two sets of cards together into one pile, facing down
- Players take turns each taking one card from the pile
- Whoever has the higher card wins both cards of that round
- The winner takes both cards and adds them to their own pile (If the round was a tie, each player can add one card to their pile)
- Keep going until you used up all 20 cards in the pile
- Count your cards at the end - whoever has the most wins!
