## THE PICNIC

## Preschool

## HOW TO PLAY

## MATH SKILLS

- Enumeration (counting objects)
- Number generation
- Number matching -down in a pile

## Gameplay

- Players take turn to set up the picnic tables
- During a player's turn, he/she will first draw a picnic table card
- The player must read the number shown on the picnic table and place that number of animal friends, tea cups, cupcakes, sandwiches, and apples on that table.
+ players
